

## WUCF - Orlando, Florida

**June 3, 2003** — Electronics Research, Inc. has recently completed a new tower and directional FM antenna installation for WUCF-FM a radio service for the Orlando and its surrounding area provided by the University of Central Florida. WUCF-FM provides Jazz and selected National Public Radio programs 24 hours a day. ERI provided a complete turnkey installation of a new 477-foot self supporting tower, a unique custom designed directional FM antenna, transmission line, and a building to house the transmitter and its ancillary equipment.
